Preparation and Installation Guide

Compatibility: This product fits 2007–2018 Jeep Wrangler JK/JKU models equipped with Motobilt MB1138 or MB1138-T 10" Stretch Corner Armor. The MB1264 Rear Inner Fenders provide a high-clearance inner fender solution designed for 10" stretched rear wheel openings.

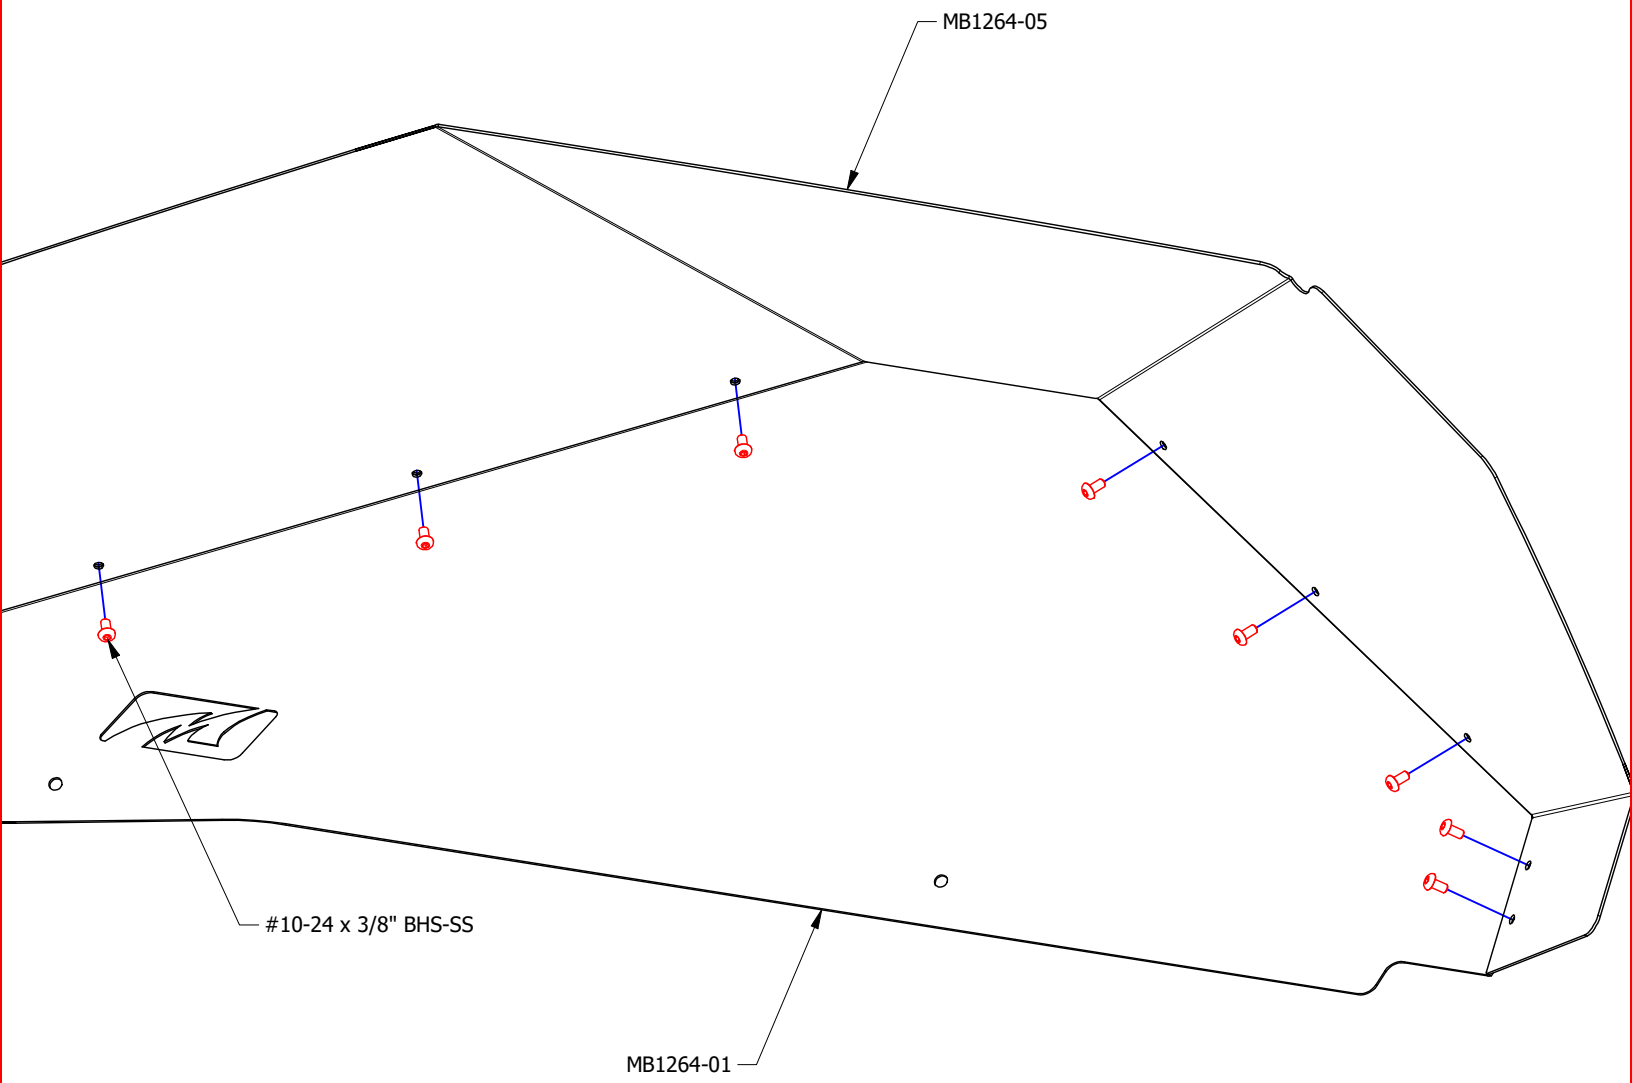

1. **Corner Armor:** The MB1138 or MB1138-T Corner Armor must be installed and properly positioned before final installation of the rear inner fenders.

2. **Fitment:** Loosely assemble and position the inner fenders before tightening hardware to allow for proper alignment with the vehicle and corner armor. The kit uses separate driver- and passenger-side assemblies.

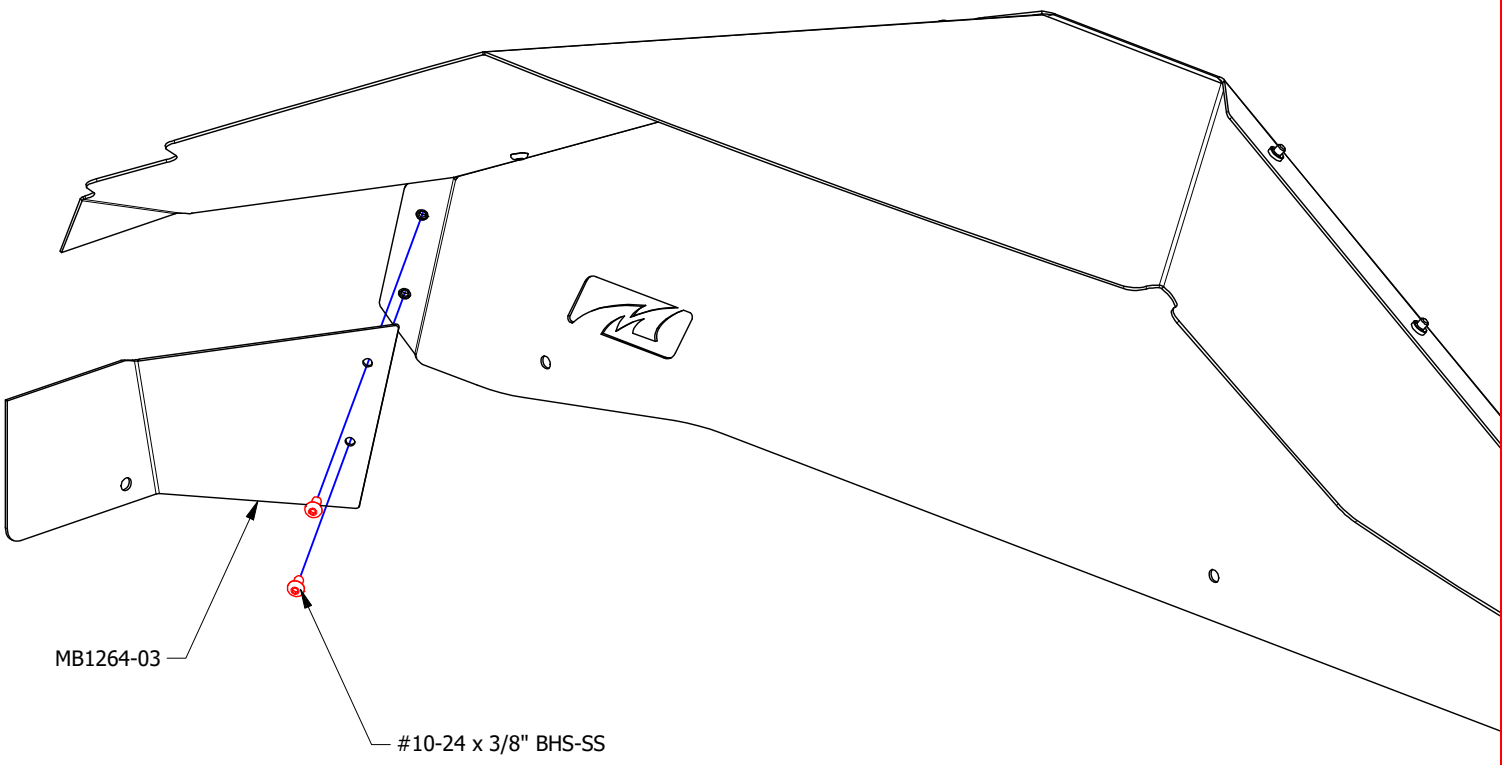

Pro Tip: Apply anti-seize to stainless steel fasteners before assembly to help prevent galling.

Note: Motobilt, Inc. products are intended for **OFF-ROAD USE ONLY**. See full legal disclaimer at the end of these instructions.
