Preparation and Installation Guide

Compatibility: This product is designed to replace your factory cowl pieces either in union with the MB1273 fenders or with factory jeep corner panels.

1. **Prepare and Inspect:** Unbox and inspect all components to ensure everything is included and free of damage.

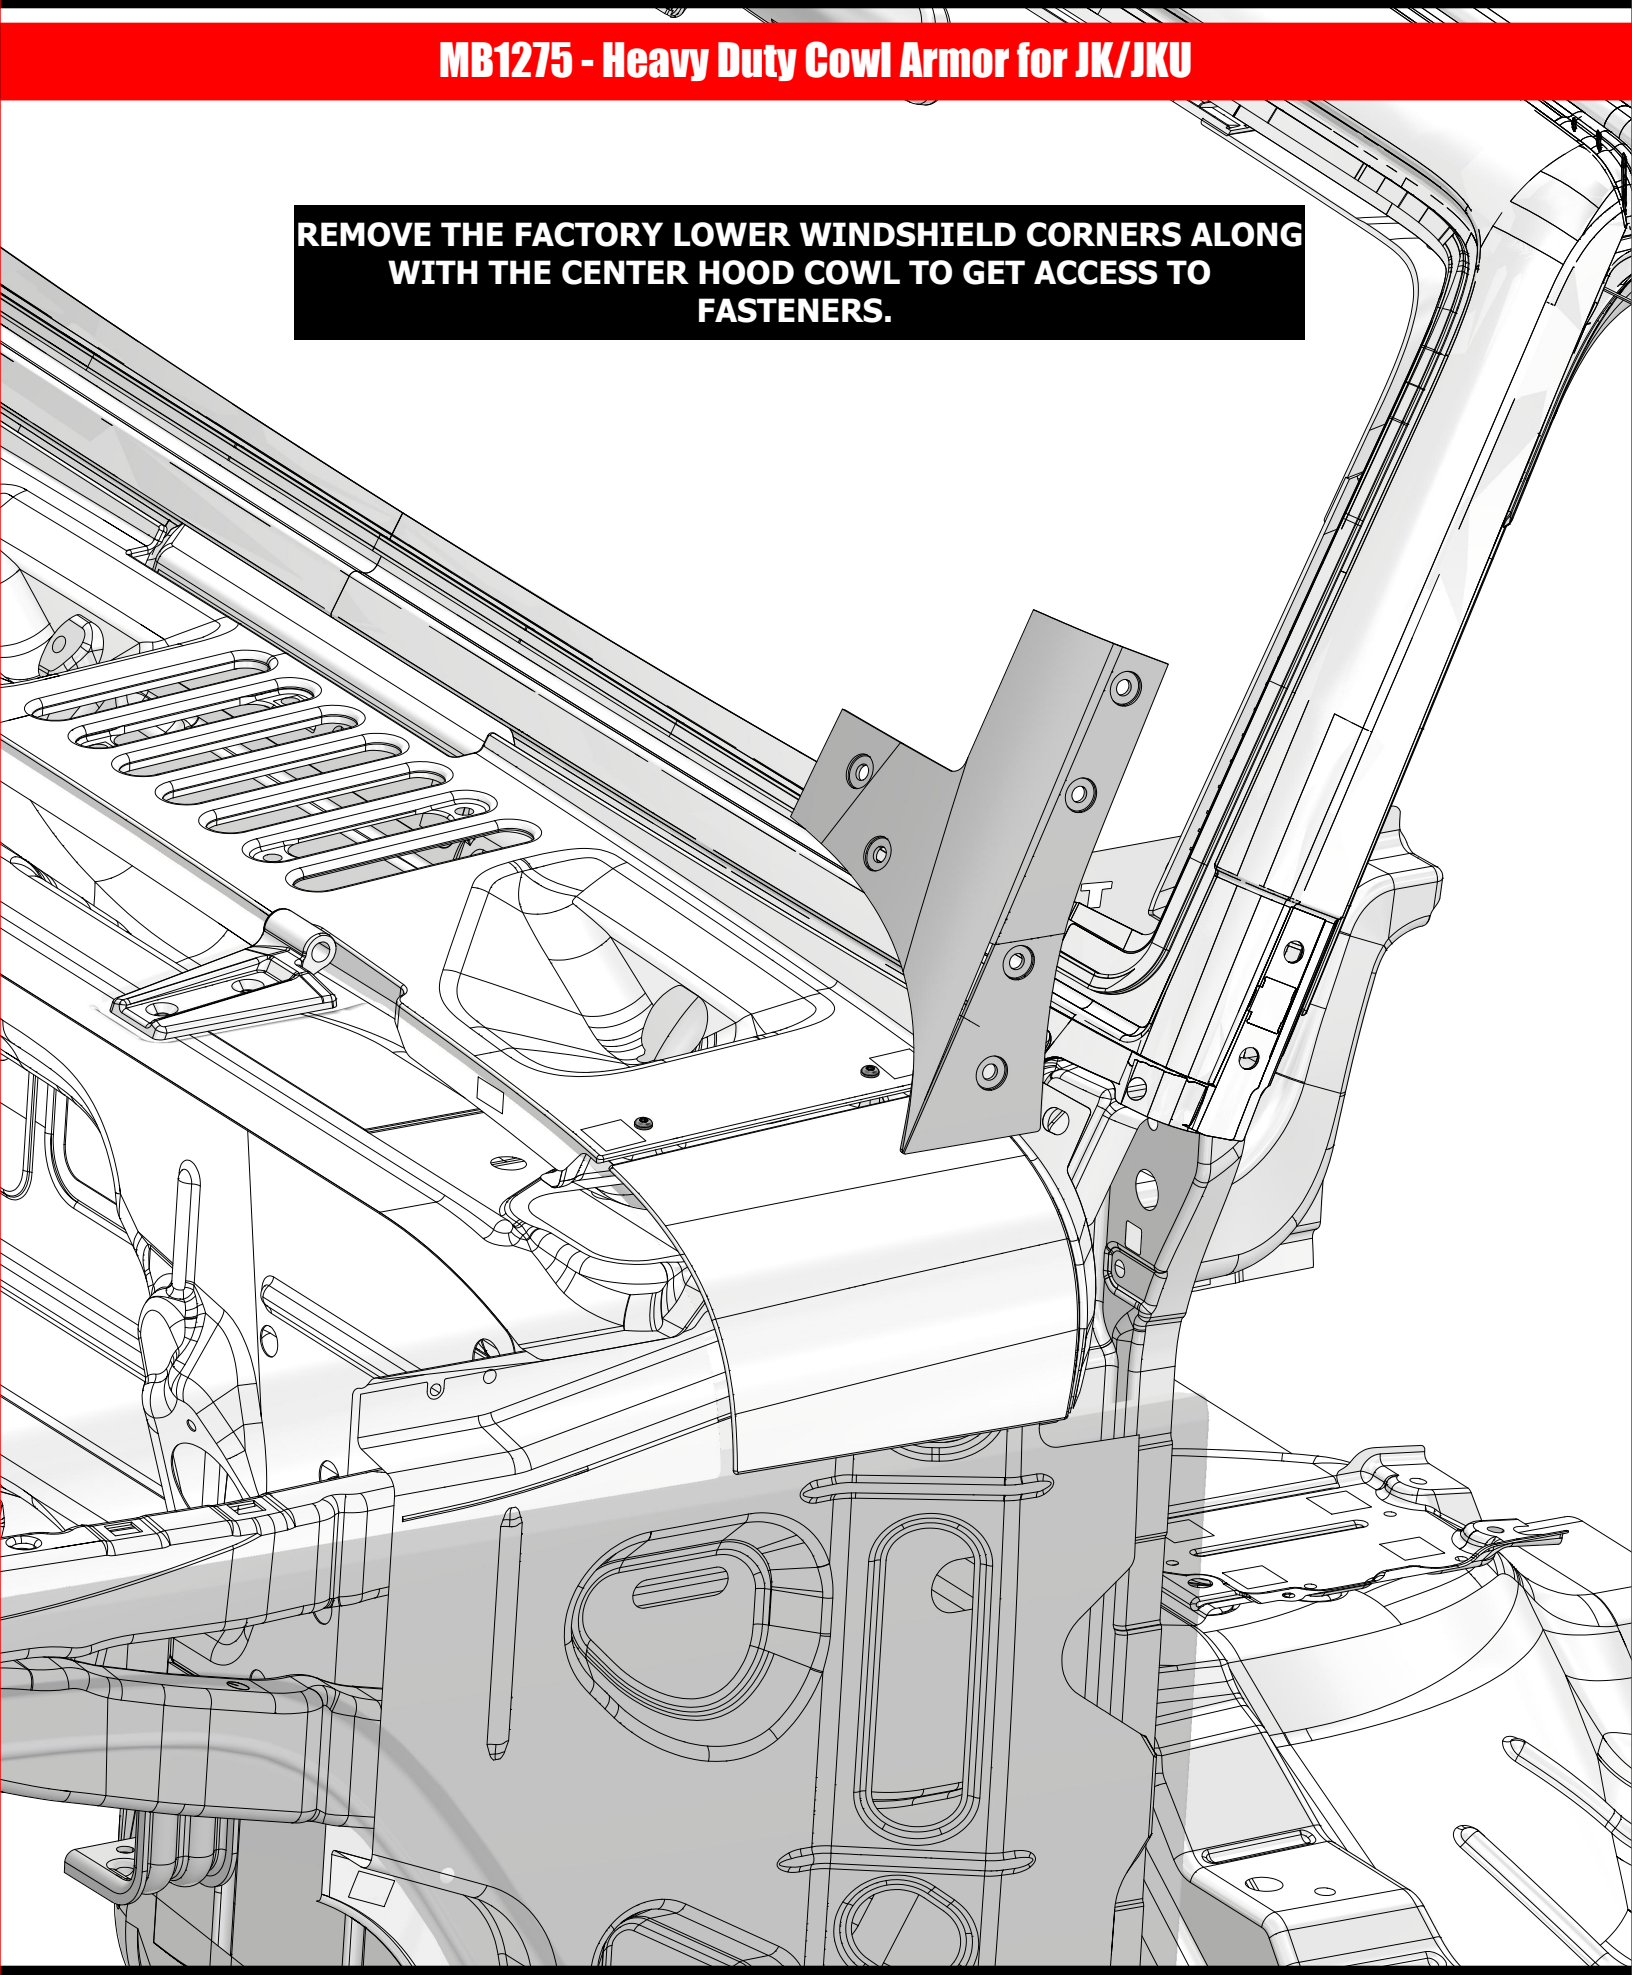

2. **Factory Fitment:** The factory cowl will need to cut off and holes will need to be drilled to secure the lower cowl support.

3. **Disassembly:** These instructions do now show disassembly of the cowl area. The main center cowl will need to be removed before install.

Pro Tip: Use STEEL-IT paint, which can be welded through and easily touched up afterward.
